**DETAILED ACTION**

***Response to Arguments***

1. Applicant's arguments, see amendment, filed 5/3/04, with respect to "means to raise the base of the shell above a table surface" and "wherein each detachable leg strap is led around the leg of an animal passed through a corresponding one of the openings in the shell" have been fully considered and are persuasive. The rejection of claims 1-17 has been withdrawn.

***Allowable Subject Matter***

2. Claims 1-17 are allowed.
3. The following is an examiner's statement of reasons for allowance: The prior art of record, including the previously cited Trevino reference (US6067678) does not disclose means to raise the base or shell above a table surface onto which it is placed; Trevino shows an opening 50 for inserting a dovetail portion; nor does the Trevino reference disclose multiple detachable legs straps which are led around the leg of an animal and then pass through a corresponding opening in the shell. While the Trevino reference shows straps, those straps are described in the specification as holding a pad onto the shell.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
